

## Time and Mankind (Part II)

Written by shabait Administrator  
Friday, 04 July 2014 12:30

---

The infinite vastness of the universe is beyond human perception. Yet still, even the mysteries of our planet, earth, which in is nothing more than a tiny part of this infin it y , are far from being simple and entirely understood by the most advanced species of the planet, hu

## Time and Mankind (Part II)

---

mans. What  
,

s  
more,  
being  
among  
the  
most  
enigmatic  
mysteries  
of the  
universe,  
time  
and  
its  
nonstop  
steadily  
paced  
passage  
is  
still  
be  
yond  
any  
form  
of  
human  
influence  
or  
adequately  
expository  
analysis.  
Although  
it  
happens  
that  
at  
times  
for  
some,  
especially  
those  
in  
anguish  
or  
even

discomfort,  
the  
passage  
of  
time might  
seem  
despairingly  
slug  
gish  
and  
for  
those  
in  
coziness  
and  
rejoice  
it  
might  
seem  
unobtrusively  
fleeting,  
time  
indeed  
never delays  
or  
rushes it  
always  
progresses  
steadil  
y  
.  
Of  
all  
the  
resources  
that  
mankind  
seem  
to  
have  
at  
hand,  
time  
for  
the  
most

part  
is  
o  
f  
fered  
to  
all  
equally  
from  
seemingly  
abundant  
spring  
,  
so  
far  
as  
they  
are  
alive.  
Probabl  
y  
,  
time  
is  
the  
only  
thing that  
cannot  
be  
sold,  
borrowed  
or  
shared.  
T  
ime  
is  
absolutely  
free  
for  
everyone.  
Even in  
transactions  
that  
are  
supposed  
to

be  
calculated  
in  
the  
form  
of  
'the  
time  
used,'  
it is one  
way  
or  
another  
,  
some  
form  
of  
service  
rendered  
or  
received  
that  
is  
character  
ged  
or  
paid  
for  
,  
not  
the  
time  
in  
its  
pure  
sense.  
None  
theless,  
paradoxically  
to  
its  
abun  
dant

and  
freshness,  
time  
still  
is  
the  
most  
precious  
resource  
that  
anyone  
can  
have.

The preciousness of things depends on several variables. One of the factors that make things  
treasu  
r  
able  
is  
their  
significance  
or  
their  
influence  
in  
securing  
people  
,  
s  
wel  
fare.  
People  
always  
prioritize  
and set  
the

---

things  
in  
hierarchical  
significance  
based  
on the  
importance  
of  
the  
things  
and  
their  
interest  
on  
those  
things.  
And  
this  
by  
implica  
tion  
makes  
time  
the  
most  
valuable  
resource as  
everything  
else  
depends  
on  
it.  
W  
ithout  
a  
doubt,  
every  
single  
achievement  
and  
generally  
the  
en- tire  
welfare  
of  
anyone

we  
may  
have  
on  
earth  
is  
anything  
but  
ce  
r  
tain.  
No  
one,  
no  
matter  
how  
young  
or  
old,  
rich  
or  
poo  
r  
,  
famous  
or  
obscure,  
powerful  
and  
important  
or  
powerless  
and  
insignificant,  
healthy  
or  
sick  
one  
may  
be,  
knows  
when  
one  
,  
s  
life

## Time and Mankind (Part II)

Written by shabait Administrator  
Friday, 04 July 2014 12:30

---

is  
going  
to  
end  
here  
on  
earth.  
People  
die  
every  
da  
y  
,  
every  
hou  
r  
,  
every  
minute  
and even  
every  
second  
for  
that  
matte  
r  
.  
Many  
are  
dying  
right  
no  
w  
,  
at  
this  
very  
mo  
ment,  
still no  
one have  
the  
slightest  
idea  
of  
who

## Time and Mankind (Part II)

Written by shabait Administrator  
Friday, 04 July 2014 12:30

---

shall  
depart  
next  
and  
when.  
One  
minute  
one  
is  
a  
life  
and the  
next  
minute  
he  
is  
hit  
by  
a bus,  
dead.  
This  
uncertainty  
or  
the  
fact  
that  
everyone  
technically  
lives  
in  
on  
the  
edge  
of  
death  
makes  
time  
dearly  
precious.

Many of the resources man can possess in life are replaceable in one form or another or are a  
t  
least  
substitutable.
