

The inhabitants of Bet-Gebriel and Adi-Abraham administrative areas in Adi-Quala sub-zone are carrying out development activities focusing on the renovation of micro-dams and water reservoirs.

Adi-Quala, 11 June 2010 - The inhabitants of Bet-Gebriel and Adi-Abraham administrative areas in Adi-Quala sub-zone are carrying out development activities focusing on the renovation of micro-dams and water reservoirs.

So far, the reservoir in Adi-Abraham has been expanded through the campaign, while the inhabitants of Bet-Gebriel, Mosedo, Adi-Habr and Una-Gaeben constructed embankments around the micro-dam in Bet-Gebriel so as to prevent the site from excessive flooding.

The local inhabitants stressed the significance of such undertakings as regards tackling various problems.
