

The inhabitants of Ajerbeb village, Hamelmalo sub-zone, voiced satisfaction with potable water supply and said that the availability of such facilities attests to the government's commitment to promote rural development. Hamelmalo, 26 October 2012 – The inhabitants of Ajerbeb village, Hamelmalo sub-zone, voiced satisfaction with potable water supply and said that the availability of such facilities attests to the government's commitment to promote rural development.

Mr. Bahlibi Musa, Administrator of Ajerbeb Administrative area, commended the inhabitants for demonstrating prudent handling of the water supply facility that comprises 5 distribution stations.

Among the inhabitants, Ms. Medhanit Woldai and Mr. Jimi'e Musa explained that their livelihood has significantly been improved following the putting in place of various social service facilities, and reaffirmed their readiness to ensure their sustainability.

Ajerbeb Administrative area is inhabited by more than 1,500 people.
