

The residents of Edi semi-urban center, Central Denkalia sub-zone, voiced satisfaction with the health service being rendered by the community hospital there. Assab, 8 November 2012 – The residents of Edi semi-urban center, Central Denkalia sub-zone, voiced satisfaction with the health service being rendered by the community hospital there.

Among the inhabitants, Ms. Amina Ali, Ms. Aisha Ali, Mr. Molla Ahmed and Mr. Halu Katumali lauded the quality service being rendered by the hospital, and indicated that it is playing vital role in community sensitization. Accordingly, visible outcome has been noted as regards child and mother health, while community awareness about harmful customary practices is on the rise.

Mr. Mahmoud Ali, Administrator of Edi Administrative area, expressed the residents' readiness to practice prudent utilization of the available social service facilities.
