

The Education Ministry's branch in Adi-Keih sub-zone indicated that it would exert further endeavors with a view to making still gratifying impact regarding adult education. It made the statement at an assessment meeting in which it was stated that the Adult Education Program is part of the national endeavors of raising the production capacity of citizens. Adi-Keih, 1 December 2012 – The Education Ministry's branch in Adi-Keih sub-zone indicated that it would exert further endeavors with a view to making still gratifying impact regarding adult education. It made the statement at an assessment meeting in which it was stated that the Adult Education Program is part of the national endeavors of raising the production capacity of citizens.

Mr. Zaid Tekle, head of the branch office, explained that there exist 20 stations for the implementation of the program, and that community-based style of living needs to be promoted so as to enhance its impact.

Mr. Habtemariam Paulos, coordinator of Adult Education Program in the Southern region, pointed out that Adi-Keih sub-zone is ranked fourth for its accomplishment in the implementation of the program.
