

The Administrator of Haikota sub-zone, Mr. Hamd Yusuf, called on farmers to strive for securing more animal feed for the winter season and practice prudent utilization to this end. He made the call at a meeting with Area administrators and village elders. Haikota, 1 December 2012 – The Administrator of Haikota sub-zone, Mr. Hamd Yusuf, called on farmers to strive for securing more animal feed for the winter season and practice prudent utilization to this end. He made the call at a meeting with Area administrators and village elders.

Reports indicate that the farmers in the locality are in a position to save themselves from long-distance travel in herding as they have ensured ample amount of hay following commendable rain shower.

Mr. Hamd also called for proper management of enclosures.
