

The Administration of Assab Boarding School has called on students to judiciously utilize the free educational opportunity accorded them at government expenditure.

Assab, 22 December 2012 – The Administration of Assab Boarding School has called on students to judiciously utilize the free educational opportunity accorded them at government expenditure.

Mr. Fisehaye Kidane, director of the school, pointed out that the Government is making substantial investment in education with a view to equipping youths with the necessary knowledge, and that the reinforcement of boarding schools is supplemental to such goal. Indicating that the environment in such schools gives rise to ample time for study, he called on the students to avoid casual handling of time.

The students on their part expressed satisfaction with the educational service, and said that they would work hard to demonstrate success in their educational pursuit.

More than 354 students from the sub-zones of Southern Denkalia and Central Denkalia have got admission to the Boarding School, according to reports.
