

The NUEYS branch in the Central region indicated that reinforcement of youth organization and nurturing national values constitute a stepping stone to raising their input in State affairs.

Asmara, 17 January 2013 – The NUEYS branch in the Central region indicated that reinforcement of youth organization and nurturing national values constitute a stepping stone to raising their input in State affairs. It made the remark at seminars conducted with Secondary school students during which they were called upon to prudently utilize the free educational opportunity accorded them at government expenditure.

Heading the seminars, Mr. Hager Ganzai, head of the NUEYS branch in the Central region, explained that it has been exerting endeavors as regards nurturing educational values vis-à-vis the norm of work among the young generation. He further called on the participants to raise their participation in school clubs, and advised them to work hard in their educational pursuit with a view to building a bright future.
