

The inhabitants of Eastern Escarpment in Senafe sub-zone, namely the Administrative areas of Golo, Degogolo and Talhanar'e, have lauded efforts being exerted by the government to put in place social service facilities, one of which is the construction of the road linking Senafe city and Moko village.

Senafe, 20 February 2013 – The inhabitants of Eastern Escarpment in Senafe sub-zone, namely the Administrative areas of Golo, Degogolo and Talhanar'e, have lauded efforts being exerted by the government to put in place social service facilities, one of which is the construction of the road linking Senafe city and Moko village.

Among the inhabitants, Mr. Abdu Omar, Mr. Mohammed Ali and Mr. Ismail Mohammed explained that they are in a position to improve their livelihood on the basis of the various social services being rendered there, and that community undertakings have made positive impact as regards maintenance of social service facilities, especially dirt roads.

Mr. Abdalla Ahmed Sefar, Administrator of Golo Administrative area, commended the sustained community participation to this end.
