

In a statement they made to ERINA in connection with Martyrs Day, families of fallen heroes highly appraised the implementation of major development programs towards building a prosperous nation which fully attests to the commitment of honoring the trust of martyrs.

Asmara, 16 June 2010 - In a statement they made to ERINA in connection with Martyrs Day, families of fallen heroes highly appraised the implementation of major development programs towards building a prosperous nation which fully attests to the commitment of honoring the trust of martyrs.

Commending the support being extended on the part of Eritrean people at home and abroad, as well as the Government, the martyrs' families expressed pride over the martyrdom of their offspring as they have managed to see an independent nation on solid path to prosperity.

They explained that the equitable expansion of health and education services in all parts of the country, including remote areas is the outcome of the concerted action being taken to honor the trust of martyrs.

The martyrs' families further expressed satisfaction with the assistance being extended by fellow citizens residing abroad, on top of the Government's support. The respect and noble treatment being accorded to them on the part of the local inhabitants is equally admirable, they added.
